VIKAS MISHRA

+91 8130452597 • vikasparsa94@gmail.com

SUMMARY

Detail-oriented Software Test Engineer with 3.5+ years in Manual and Functional Testing for Web and Mobile applications. Expertise in requirement analysis, test case design, regression testing, API testing, and defect tracking. Experienced across Real Estate, Insurance, CRM, Aviation, and Education domains, with an Automation Testing certification. Leverages AI tools such as Microsoft Copilot to enhance test case creation and ensure accuracy.

SKILLS

API Testing: Postman, RESTful API Validation

Bug Tracking & Test Management: JIRA, ClickUp, Azure DevOps, Google Sheets

Automation: Selenium WebDriver (Java), Playwright (TypeScript)

Testing Types: Functional, Regression, Smoke, Sanity, Ad-hoc, UAT

Programming: Python (Intermediate)

Database: SQL

AI Tools: Microsoft Copilot — Test Case Generation, Edge Case ID, Bug Reports

Methodology: Agile / Scrum

Platforms: Web Applications, Mobile Applications

EXPERIENCE

Software Test Engineer *Sep 2025 – Sep 2026*

Housivity Platform Pvt. Ltd. | Gandhinagar, Gujarat

- Collaborated with developers and business teams to analyze product requirements and translate them into clear test scenarios each release, ensuring comprehensive test coverage.
- Validated RESTful APIs, logging defects with detailed reproduction steps; managed the full defect lifecycle in ClickUp, resolving 95%+ of logged issues within the sprint cycle.
- Designed and executed manual test cases for Functional, Smoke, Sanity, Regression, and Ad-hoc Testing across sprints, maintaining detailed tracking in Google Sheets.
- Tested Web and Mobile applications including the Housivity Website, Housivity Mobile App, and WebSankul Education Platform, using Microsoft Copilot to speed up test scenario creation by ~20%.

Functional Tester *Jan 2025 – Aug 2025*

E Solution Pvt. Ltd. | Gurgaon

- Executed UAT testing for PNB MetLife (Insurance), validating end-to-end business workflows to enhance software quality.
- Worked on Air India's Smart AI project (Flight Management Software), writing and executing test cases in Azure DevOps.
- Performed API Testing; partnered with PNB MetLife and Air India teams on domain-specific requirements, logging and verifying defects using JIRA throughout the release cycle.

Software Test Engineer *Jan 2024 – Jan 2025*

Passeridae Technologies Pvt. Ltd. | Gurgaon

- Conducted Functional, Regression, and Performance Testing on assigned modules across sprints, updating a manual test case repository aligned with ongoing releases.
- Worked closely with developers to verify bug fixes, helping reduce regression defects by ~15% release-over-release.
- Engaged in Agile ceremonies during bi-weekly sprints, contributing to sprint planning, daily standups, and retrospectives.

Software Tester Trainee *Jul 2022 – Oct 2023*

Net Ambit|Remote

PROJECT EXPERIENCE

- **Housivity – Real Estate Platform:** Property Listing, Search, Seller/Buyer Modules, Mobile App, Admin Panel; **WebSankul – Education Platform:** Course Module, Test Series, E-books, Payment Flow.
